Hundred Chart Hopper

TEACHER KEY

1st Grade Math · Interactive Math · Explore & Reflect

Get started

Hop on a chart from 1 to 120 by ones and tens. See 10 more and 10 less, and write each trip as an addition or subtraction. Open the tool and use it to answer each question.

Explore

1. Start on 36. Hop down one row. Where do you land?
   46 (10 more)
2. What is 10 less than 81?
   71
3. Start on 4 and hop +10 again and again. Write the numbers you land on.
   14, 24, 34, 44, 54, 64, 74, 84, 94, 104, 114
4. Start on 52. Hop +10, +10, +1. Where do you land?
   73

5. Use the chart: 67 − 30 = __

37

6. What number comes after 109?

110

Reflect

7. Reflect: Why does moving down one row add 10?

Each row has 10 numbers, so the number below is 10 more.

Teacher notes

- Cover a number with a sticky note on a printed chart and ask students to use the tool to check: What is 10 more? 10 less?
- Ask students to explain a trip in words: “I started on 45, hopped down 3 rows, and landed on 75.”
- The arrow keys hop too, which is handy on a projector.

Standards: 1.NBT.A.1, 1.NBT.C.4, 1.NBT.C.5, 1.NBT.C.6. Accept any correct answer where several are possible, and ask students to explain with the tool’s picture.
