Arrays and Odd or Even

2nd Grade Math · Interactive Math · Explore & Reflect

Name: _____ Date: _____ Class: _____

Get started

Build arrays up to 5 rows and 5 columns and write the total as repeated addition. Pair up counters to see whether a number is odd or even. Open the tool and use it to answer each question.

Explore

1. Make 2 rows of 5. Write an addition equation for the total.

2. Make 4 rows of 3. Write the total as repeated addition.

3. How many in all are in 5 rows of 5?

4. Is 13 odd or even? Write it as a double plus 1.

Arrays and Odd or Even
