Number Line Jumps

2nd Grade Math · Interactive Math · Explore & Reflect

Name: Date: Class:

Get started

Jump forward and back on an open number line by ones, tens and hundreds. Every trip becomes an addition or subtraction equation. Open the tool and use it to answer each question.

Explore

1. Start at 56. Jump +10 three times. Where do you land? Write the equation.

2. Start at 74. Jump −10 four times. Where do you land?

3. Show 45 + 27 with jumps. Which jumps did you use? What is the sum?

4. Show 92 − 18 by jumping back. What is the difference?
