# Rounding Number Line

3rd Grade Math · Interactive Math · Explore & Reflect

Name: Date: Class:

## Get started

See any number from 0 to 999 between two tens or two hundreds, find the halfway point and round. Then estimate sums and differences. Open the tool and use it to answer each question.

## Explore

**1.** Round 63 to the nearest 10.

**2.** Round 85 to the nearest 10.

**3.** Round 449 to the nearest 100.

**4.** Round 650 to the nearest 100.

## Explore more

**5.** List all the whole numbers that round to 70 (nearest 10).

**6.** Estimate 278 + 419 to the nearest 100. Then find the exact sum.

## Reflect

**7.** Reflect: Why do we look at the halfway point when we round?
